ASTER THE STAR OF SW1

.....

Launching early next year, Aster will be one of 2017's most exciting restaurant openings. Spread over two floors and a terrace in Victoria's vibrant new Nova development this will be a stylish destination for any occasion: from coffee on the go to indulgent menus with wine pairing in the glass private room.

The name Aster originates both from the Latin word for star, a synonym of Nova, and a botanical term as Aster is a genus of flowering plant with a star-shaped head.

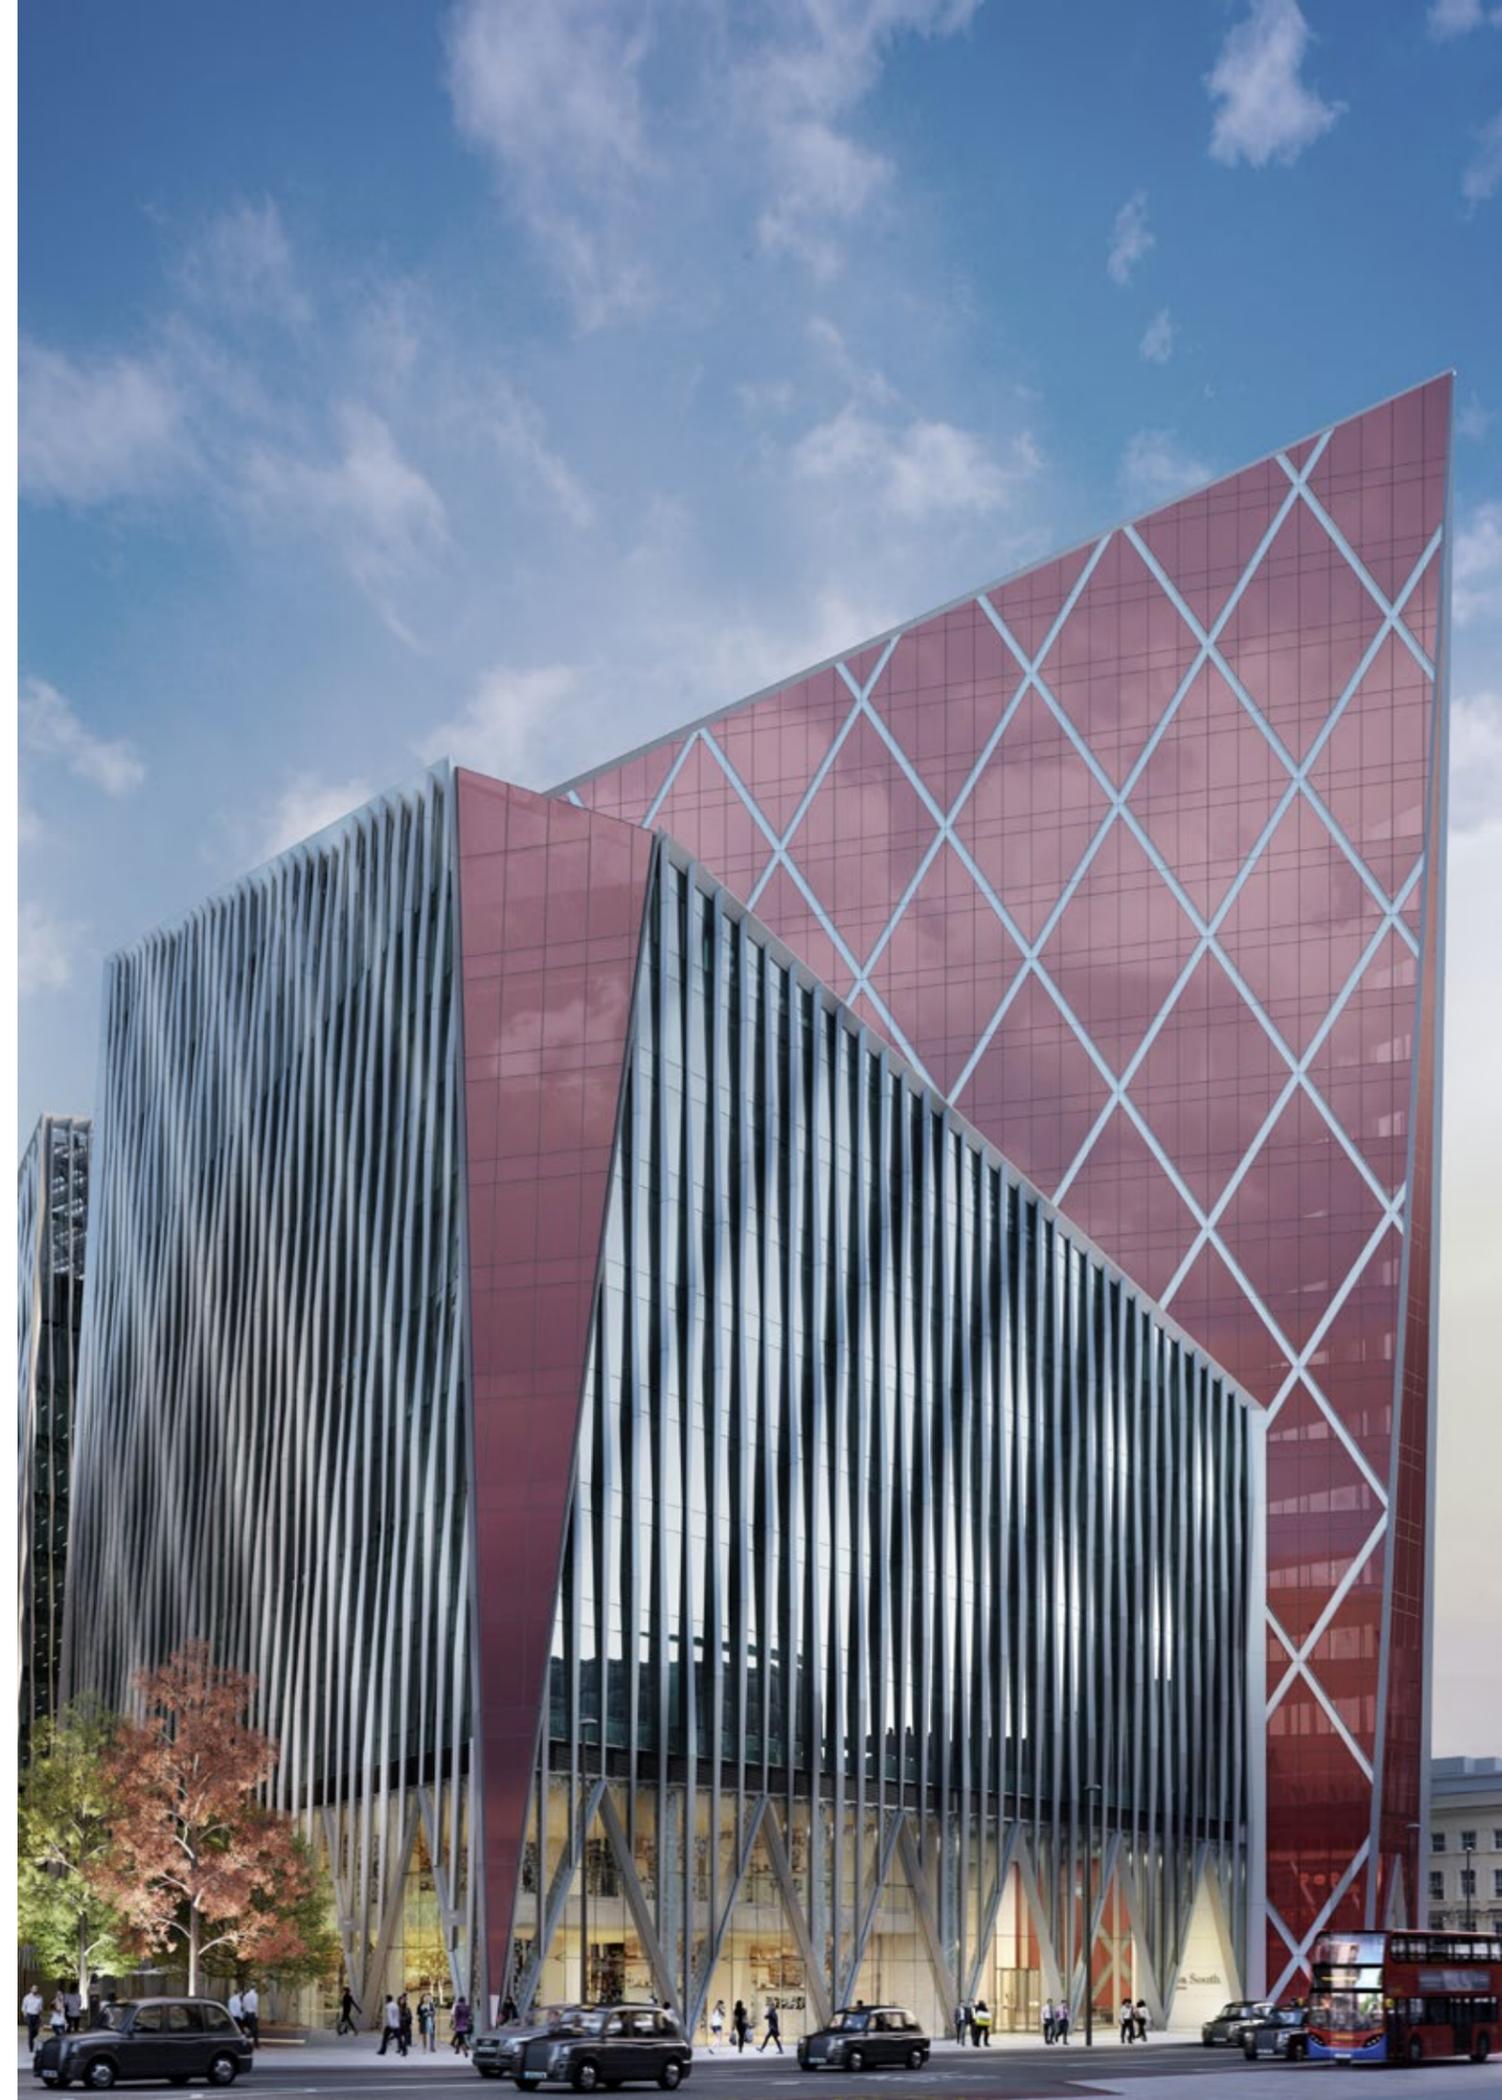

In an age of technology, the allure of craftsmanship, the handmade and the simple pleasures of delicious ingredients seem to attract us more than ever, and this is an ethos innate in Aster's Executive Chef Helena Puolakka's approach to cooking.

Hailing from Finland, her Nordic heritage instilled in her the importance of homemade food, local produce and sharing a meal with loved ones. Trained by some of the best Chefs in the world she combines her culture with the finest French techniques.

Set within the hustle and bustle of Victoria's many theatres and only a stone's throw from the station, Aster will be the finest choice for any event in the West End.
